

## Motivating Your Students and Yourself

### **Think • Pair • Share**

What was your favorite class in undergrad or graduate school? What did your teacher do to make that class successful and interesting?

### ▪ **Class discussion** ▪

How do you include opportunities for feedback in the classroom?

### ▪ **Class discussion** ▪

How would you improve the clarity (or transparency) of a standard problem set?

**What is one way I want to motivate students in my class this quarter or in the future?**
